

## Board of Education and Whitman Cluster Meeting

The Montgomery County Board of Education is coming to visit the Whitman Cluster, which includes all the elementary schools that feed to Pyle and Whitman.

***This is an excellent opportunity to talk in-person, in an informal setting, with members of the Board of Education about matters of concern to Burning Tree and other schools in the Whitman cluster. There are multiple capital projects potentially in the pipeline for our cluster, and they need to know we care.***

When: Thursday, March 11, 7:00pm-8:00pm

Where: Bradley Hills Elementary School All Purpose Room  
Why: Every 4 Years the Board of Education comes to to each cluster to hear from the constituents-don't miss this rare opportunity!

***Each school will have a table to present what's special at their school. There will be light refreshments.***
