

"Fill Our Classrooms"

What is Fill Our Classrooms?

Due to the county-wide budget freeze, many items the teachers and staff used to purchase for the classroom, (i.e. fun things like stickers and cute pencils and some classroom materials) can no longer be bought with MCPS money, at least not now. In response to this, the PTA is sponsoring a "Fill Our Classrooms" supply drive. If parents would like to purchase these needed supplies here is how you can help:

FILL OUR CLASSROOMS...

Teachers and specialists are placing flower shaped sticky notes in the front hallway on the PTA Bulletin Board on the blue "Fill Our Pond" pond. The list is also available over BTNet and on the website.

Parents:

- Take the sticky note with the items that you would like to donate (items will be listed by grade level or teachers). You can do this or ask your child too. To Avoid duplications, you must remove the actual sticky
- Purchase the item(s) and give them to one of the teachers in the grade level or to the appropriate staff within one week.
- Please put the flower sticky back on the items when you donate them.
- When possible, teachers/specialists will list very specific items and websites where the items can be purchased. PLEASE if you order anything on-line remember to go to the store via www.onecause.com (formerly School Pop) and designate BTES PTA to receive proceeds from the purchase.

Below is the list as of March 4th. It changes frequently though so check the board to see new items the teachers/staff need.

Kindergarten:
